GANTONNET

SIMPLEMENT BORDEAUX

L'Attrape Rêve 2022

Bordeaux Red - 100% Merlot  
No Added Sulfites

**VINTAGE 2022:** Bud break occurred in mid-April followed by flowering in mid-May, 10 to 15 days earlier than in 2021. The year's heat and the drought favored the production of lovely and particularly healthy little berries with a good balance between acidity and freshness. In June we had correct rainfall but the months of July and August were scorching hot. The harvest began on August 24th.

**TERROIR:** Heavy clay soil and limestone subsoil.

**VINIFICATION AND AGEING:** Yeast is added during vatting so that the alcoholic fermentation starts immediately. No sulfur is added during the process. Traditional vinification. Bottling in May 2023.

**TASTING:** A beautiful radiant purple, this wine, albeit a bit reserved when first opened, quickly unveils a palette of tart red berries, violets, and a hint of forest floor, once aerated. The palate is clean and crisp, structured by exquisite and chalky tannins. A beautiful long finish that is both creamy and mouth-watering.

**FOOD AND WINE PAIRING:** Light charcuterie and grilled meat.

**ALCOHOL CONTENT:** 15,5°
